

## BUFFS SEASON IS GOOD IN REVIEW GIVEN BY COACH

### ROTARY CLUB ENTERTAINS TEAM AT LUNCHEON

Six Games Won and Three Lost During Past Season—Panhandle Rotary Club Coming Next

Members of the Buffalo football squad were guests of the Rotary club Tuesday at luncheon. For the first time in many months there were no visiting Rotarians at the luncheon.

Tuesday also saw a perfect attendance of the Canyon club, as President Joe Hill had made up his attendance before leading for Birmingham.

The Panhandle Rotary Club will visit the Canyon club next Tuesday, putting on a night program at 7:30 at the Presbyterian church. It is expected that a number of other guests will be present.

Secretary Earl Robbins announced the attendance for October as being 93.6 percent.

Dr. D. M. Stewart was introduced to his fellow Rotarians as the newest married man of the group.

Rev. Wes Kunze of the Program Committee, had charge of the program Tuesday. He announced that after his talk last week several Rotarians had bought him a suit of clothes with the provision that he was to make no more speeches, but insisted that as next Tuesday was his birthday he would have three programs in a row, to which objection was raised by members of the club.

The absence of Captain Powell of the Buffalo team was greatly regretted, as he was called to his home in Wellington on account of the illness of his baby.

Mr. Kunze introduced Coach S. D. Burton, who reviewed the season in football. The following is the story of the wins and losses:

W. T. 45 Panhandle A. & M.	0
W. T. 0 Tech	21
W. T. 6 Edmunds, Okla.	0
W. T. 19 Daniel Baker	40
W. T. 6 Phillips University	0
W. T. 0 A. C. C.	41
W. T. 7 N. M. M. I.	0
W. T. 7 Sul Ross	2
W. T. 18 McMurry	0
W. T. 108 Opponents	104

Coach Burton called attention to the six wins and three losses of the season. The small score of the Buffaloes is accounted for the narrow margin of wins, and the large margin of defeats for the season. He called attention to the win over Edmunds, coached by Claude Reeds, former mentor of the Buffs and his teammate at the University of Oklahoma. Reeds' team lost only one other game this season, and won first place in its conference. The Daniel Baker game was pointed out as losing something after it was won. The coach pointed out the fact that in five games the opponents had not scored. The A. C. C. game was the worst beating any Buffalo team had ever received. Everything seemed to go wrong, but the boys made good their promise to win the remainder of the season's games.

Coach Burton introduced each of the 26 men who were at the luncheon as guests of the Rotarians.

Mitchell Jones, freshman coach, stated that he had at least seven first class players who would take their place on the varsity quad next year, filling the places which were made vacant by graduation. Jones, a former coach of the Buffaloes, pointed out the success of the past season, and expressed the belief that W. T. had a very successful season in prospect for next year.

D. A. Shirley, president of the T. I. A. A., reported on conditions in the conference, with two teams tying for first place in both the west and the east sections. The play offs for first place in both sections will be held this week, and the final game for the championship will be played next week. The colleges in the east section have given notice of withdrawal at the annual meeting to be held next week. The T. I. A. A. conference will continue, with schools in West Texas.

### HISTORICAL MUSEUM TO BE KEPT OPEN THIS WEEK

The Panhandle-Plains Historical Museum is being kept open every day this week from 2:30 to 4:30, and the public is invited to visit it at those hours.

Professor L. F. Sheffy, members of his department, and history major students are in charge and will be glad to conduct parties through the museum and explain the things of interest and answer questions regarding the Society and its work.

## 53 Superintendents Visit Museum at The College Friday

Fifty-three county superintendents who were in Amarillo for the State Teachers Association last week came to Canyon and spent some time viewing the large collection of the Panhandle Plains Historical Society.

They all expressed themselves as greatly interested in the work which this organization is doing and hope that a building will soon be provided so that the materials can be arranged so that they can be seen to advantage by hundreds of Texas school boys and girls.

Members of the Art Section of the State Teachers Association who saw the collection while in Canyon last week were delighted with the opportunities which it presents for students and teachers of art.

One of the most interesting pieces of work which was shown in the school exhibits at Amarillo during the convention was a frieze showing the development of the Panhandle from the days when it was in possession of the Indians to the present time. The frieze was made by children in the art classes of Mrs. C. C. Reid of the Amarillo public schools, and the drawings were all planned and made in the museum here. Mrs. Reid and children spent an entire day here planning the frieze and making sketches, then the work was completed in the classrooms of the Amarillo schools.

## Fix-All Moves to New Location on December 1

The Fix-All Garage, formerly located on 16th Street, moved this week to the corner building on the square, formerly occupied by the Miller-Lybrand Co.

The name of the business has been changed to the Canyon Motor Company, but will be under the same ownership, that of Mack Gillham and J. A. McDonald. The new location is much larger than the old quarters. Mr. Gillham and Mr. McDonald are offering all kinds of mechanical services, and have added gasoline, oil and storage.

## Many Tax Payers Take Advantage of Split Tax Payments

The period for taking advantage of the split taxes for this year ended Monday night.

John Fry, tax collector, stated that quite a large number of tax payers took advantage of the opportunity of making two tax payments. The Santa Fe, the largest tax payer in the county, with a total of more than \$19,000 on the rolls, was among those who took advantage of the split tax payment.

Mr. Fry states that taxes are coming in very well. Local citizens are paying their poll taxes in order to get to vote next year.

## Clubs To Sponsor Matinee To Help Needy In City

The City Federation of Women's Clubs, in cooperation with W. J. Wooten of the Olympic Theatre, is sponsoring an "Old Clothes" show Friday afternoon, Dec. 5, for the purpose of aiding the needy in the city.

The show will be "The Last Parade," a regular talking picture program at the Olympic Theatre. Admission charges will be second hand garments for either children or adults. There will be two matinees, the first beginning at 3 o'clock. Every one is urged to come and contribute to this worthy cause.

There will be cars to receive the donations and to distribute the garments as the Federation sees fit. If anyone in the city has clothing he or she would like to donate, he should take advantage of this opportunity of helping those who are out of work this winter.

Thanksgiving Day guests of Mr. and Mrs. N. E. McIntire were: Mr. and Mrs. C. G. Hutchinson of Tulsa, Miss Mabel Gass of Hereford and Mrs. Roberta Hutchinson of Perryton.

Preston and Miss Gladys Windsor of Runningwater spent the holidays with their sisters, Daisy and Mildred, here.

Miss Willie Frank Jones visited the past week end with friends in Amarillo.

## CITY SAVES \$5,000 OF BOND MONEY ON WATER MAINS

### BIDS OPENED BY CITY LOWER THAN ESTIMATES

C. N. Harrison Will Lay the Pipe and City Will Dig and Fill 16500 Feet Mains.

Canyon will save about \$5,000 on the water mains extension, according to Mayor R. A. Bellah, who is highly pleased that approximately that amount of money will be saved out of the \$18,000 bond issue which was voted several weeks ago. Three bids were opened by the city commission on the materials, with C. N. Harrison the lowest bidder. The city obtained prices and put in a bid against others on the job, but the price made by Mr. Harrison was lower than the city estimated it could obtain the material for direct from the companies.

The city will do all of the ditch digging and will fill the ditches after the mains have been placed. Mr. Harrison's contract calls for the mains to be laid and all work in connecting the pipes and putting in the hydrants. The city will start the ditch digging just as soon as the pipe and hydrants are received.

Twenty-one new fire hydrants are included in the new project, together with 10,750 feet of mains. Four new hydrants will be placed on the public square, replacing the old ones. The business section will be connected with a new 8 inch main coming from the north, thus giving this part of town two direct lines from the water plant. The installation of the second line from the water mains will result in a reduction in the key rate of the city, and will improve very greatly the water supply in case of a big fire in the business section.

The city's part of the work will be under the supervision of the water superintendent, and local men will be given labor. Before the bonds were voted, a careful estimate was made, and it was thought that it would take at least \$18,000 to do this work. The bonds were sold to the county at a premium of \$500, and it was found when the bids were opened that the city would save about \$5,000 on the job.

## Warren Johnson Opens Garage This Week

Warren Johnson is opening a garage in the G. W. Johnson building, formerly occupied by the Fix-All Garage. William Spears will work with Mr. Johnson in the mechanical department.

All kinds of garage service will be offered and Mr. Johnson says they will give high quality service at moderate prices.

## BOOKS FOR THE CHRISTMAS ARE BEING URGED

### TEACHERS SUBMIT LIST OF GOOD BOOKS.

Books As May Be of Use in the School Room and Choice of Canyon School Faculty.

"At this time of the year parents and friends of students are thinking of Christmas gifts and planning what they shall give their pupil friends and children that will be most appropriate and useful. One of the loveliest and yet most worth while gifts that one can give is a book. A book is economical; it gives pleasure and happiness; and if it is properly selected, it adds to the education of the person reading it.

"Knowing that parents will welcome suggestions as to the proper kinds of books for children to read the public schools are publishing the following books as a suggestive list from which a selection can be made. The books mentioned can serve a double purpose, namely: as a Christmas present and as a reference book to be used in the child's school work."

## May Close Lobby of Postoffice Account of Boys' Actions

Oscar Hunt states that he will be forced to close the lobby of the postoffice at nights if the boys around town do not stop destroying the government placards and mutilating them with obscene signs and pictures.

The postal inspector has authorized the lobby to be closed at night if the practice continues, states Mr. Hunt. If it becomes necessary to close the lobby, the people of Canyon will be very greatly inconvenienced. Hundreds of letters are mailed during the nights, and many patrons are not able to get their mail, except during the night after the post office closes.

If patrons of the office see the abuse such as are being practiced and will report the boys to the officers, this may be the means of keeping the lobby open all night otherwise, the closing order may become effective any night.

## Dr. J. A. Hill Elected Head of Texas State Teachers Association Friday by Very Large Majority Over Evans

First Time That Panhandle Man Has Been Elected to Head Teachers of the State of Texas—Hill Received 874 Votes Out of the Total 874 Cast in the Election—Dr. A. W. Evans and Supt. D. W. Weeks Were Candidates

### IS ELECTED

Dr. J. A. Hill, president of West Texas State Teachers College, was elected to the presidency of the Texas State Teachers Association in that organization's election of officers for the coming year last Friday. He received 874 out of a total of 1,156 votes cast.

Dr. J. A. Hill was elected to the presidency of the Texas State Teachers Association by a large majority in the Association's election of officers for the coming year, held Friday, according to an announcement made by the election committee Friday night.

A total of 1,156 votes were cast, and of these Dr. Hill received 874 ballots. His nearest rival was Dr. A. W. Evans of Texas Technological College, Lubbock, who polled 271. D. W. Weeks, superintendent of schools at Van Horn, received 10 votes. Thus Dr. Hill received two-thirds of all votes cast, with a margin of over 600 votes over his nearest rival.

He will hold his newly-attained position for one year, or until the next annual convention of the Texas State Teachers Association. The retiring president is J. C. Cochran of San Antonio.

Miss Eula Hunter, Fort Worth, and B. H. Miller, Eagle Pass, were elected to the executive committee, defeating Miss Bernata Minkwitz of Fort Worth, and Mrs. Nannie Write of Mercedes. R. F. Holloway of Ranger is the new first vice-president and W. H. Younger of Tulsa, a W. T. ex, is second vice-president.

The election of officers for the coming year was the climax of the convention and of what promised to be a close race between the candidates. None of the candidates were active in the campaign, and Dr. Hill owes his election to his friends and to ex-students of W. T. The polls were open all day Friday, and none but bona fide members of the Association were qualified to vote.

This is the first time a Panhandle man has been honored with this position, and it is one of the greatest honors that could be bestowed on a Texas educator. Dr. Hill's election comes as a climax to a long career as an educator in Texas, during the last thirteen years of which he has been president of the West Texas State Teachers College. As he himself expressed it, he sought the position, first, for the good that he might be able to do the college; second, for the benefits that might accrue to the schools of the whole Panhandle; and, third, for the good he might be able to do the schools of Texas through the use of the ideas that he has accumulated during his long career and that have withstood the acid test of experience.

## Dairymen Of Randall Elect Officers Tuesday

The annual meeting of the Randall County Dairymen's Association was held Tuesday night, and the election of officers was held for the coming year.

M. H. Rockwell was re-elected president for the coming year.

Other officers named at the business session were: H. R. Fulton, vice president, and Albert Byars, secretary-treasurer.

L. T. Campbell, R. O. Allison and E. Gidden were reappointed by Mr. Rockwell to serve on the Association's tuberculosis committee.

The annual dues were reduced for the coming year from \$2.50 to \$1.00. There are now 68 active members of the association, and it is planned to enroll all of the 150 dairymen in the county in a membership campaign starting in a short while.

The principal address of the evening was made by T. C. Thompson, president of the Canyon Chamber of Commerce on "Organization." He paid high tribute to the good work that had been accomplished in the past by the organization, and urged a county wide interest in the welfare of all our people, as it is a well known fact that we cannot live unto ourselves.

## Hill Attends Meet in Montgomery, Ala.

President Hill left Sunday afternoon by train for Montgomery, Ala., where he will attend the annual convention of the Southern Association of Colleges and Secondary Schools of which W. T. is a member.

Miss Viola Shackelford spent the holidays in Claude with friends.

## Snow and Rain for Thanksgiving Adds .53 Inches Moisture

Thanksgiving found the ground well covered with snow as the result of a good snow Wednesday. The temperature stayed at a low point most of the week, with a little more rain Saturday. The total moisture for the week amounted to .53 of an inch.

The total moisture for November amounted to 1.86 inches, and this brings the total for the year up to 16.69 inches. Unless there is an exceptionally large amount of moisture during December, this year will fall below the normal yearly average.

The teachers of Texas discussed the athletic situation in the high schools to some length at the meeting in Amarillo last week. The teachers must take the lead for the sake of the school system. It is a recognized fact that athletics have had a hard time in the colleges during the past few years, and this year has been extremely hard from a financial standpoint. But the high schools are getting bigger play than ever before. More money is being spent in the average large high school than was ever spent in good sized colleges on athletics, and more time is being consumed than in the colleges. As a result those who graduate from the high schools are going to college with no foundation, owing to the neglect of studies in the mad pursuit of athletics. The teachers may find it a very unpopular subject to discuss curbing this trend toward high school athletics, but they are the fundamental part of the educational system, and to them the tax payers must look if he is to receive value received for the money he invests in the schools.

The soldiers bonus will be pushed as one of the problems of the coming session of congress. The President told the American Legion that the nation could not pay the bonus in cash at this time without injury to the nation's finances. Petitions are being circulated in every county in the United States by ex-service men asking that the remaining one-half of the bonus be paid in cash at this time. It is argued that the veterans need the cash more at this time than they ever needed it, or will likely need it during the years to come. When money is plentiful, it is mighty easy to get hold of all the individual wishes; but when times get hard, money is elusive. There is no argument against the need of ex-service men, or any other citizen, and that the money now would probably do much good, and relieve a great deal of suffering. The question is one for congress to decide, and since congress readily responds to political influences, there is not much doubt but that the bonus will be voted ere many months.

Too bad that the trip to the Palo Duro canyon planned for the teachers of Texas had to be called off on account of the weather. Hundreds of teachers were on the Plains for their first time. That they should run into a snow storm, with plenty of cold and rain would remind them again of the old gag that Amarillo was separated only from the North Pole by a barbed

wire fence—with all the barbs blown off. However, just to keep the record straight, we have come nearer freezing to death in Houston than we ever have on the Plains, but you cannot make the folks down there believe it. At any rate, the weather is fine, just what the Plains country needs, for the wheat crop that is in the making, and if the teachers failed to get a look at the Palo Duro it is the only regrettable part of their convention at Amarillo.

Congratulations to Dr. J. A. Hill and the teachers of Texas who put over his election to head the Texas State Teachers Association. Hundreds of friends in every section of the state rallied to Dr. Hill's support, and his election was a most noteworthy one. Dr. Hill is recognized in Texas as being one of the outstanding educators of the Southwest. His knowledge and experiences makes him a worthy leader for the teachers of the state, and we predict success for him during his administration over this great body of teachers. There is much work ahead for the teachers of Texas. Never has the school system been subjected to so much criticism as will be directed during the coming few months if economic conditions do not improve very materially. It will take clear heads and clear thinking that no serious damage be done in the name of economy.

The City Federation is starting a public park for Canyon, which should grow into a system of little parks in the city. Canyon has long neglected this part of its development, and the women are to be congratulated upon the movement to establish and develop some parks. There is nothing that adds so much to the attractiveness of a town as a number of small parks, well cared for and maintained. Of course this is a hard time to start a movement which might add to the cost of the city government, but every citizen will most heartily approve the use of public funds to make beautiful a small city park, and will approve any effort to start several of these during the coming year or so. A few shade trees, with plenty of water and a little labor is about all that it will take to make a system of beautiful little parks.

Friends of John Garner are now tooting him for president on the Democratic ticket next year. Local pride will make most Texans second the motion, but the Texas congressman, who will likely be elected Speaker of the House of Representatives next Tuesday, will

hardly allow himself to be too elated over the possibilities of the nomination. Dan Moody became all hot and bothered over the prospects of being chosen a candidate for vice-president four years ago to no avail. Texas is too much to one side in the political picture to afford one of the nominees to lead the Democratic party until some great leader is developed. John Garner has yet to earn his laurels as a leader before he can hope for such an honor.

Just three weeks from tomorrow until Christmas Day. Do your Christmas shopping early. It is no secret that business houses have not loaded up as heavily as usual for Christmas trade, but they are well stocked with substantial gifts, at greatly reduced prices. This is the year of practical Christmas giving. The Christmas spirit should not be entirely forgotten or squelched, just because it is a little tougher this year in a financial way than in the past, as every one may remember his friends with some useful gift, even though it may not be large in proportion. Make your Christmas happy with some practical gift.

Congratulations to the Buffalo football team upon the conclusion of a very successful season. Six wins to three losses is a good record. The losses were by lopsided scores, but such things will happen. The team for next year will have a good crew of veterans from this year's squad, together with seven or more outstanding

freshmen who have played a good brand of football all season. The defeat of McMurry Friday at Amarillo was a most pleasing climax for the season's work.

Good rains and snows of this week gives the Plains a very fine wheat season. The wheat crop which was planted early enough to get a start before this moisture is in excellent condition, and it is not yet too late for planting. The wheat acreage will be reduced over that of last year, but it is believed that the chances for a crop next year is much better than were the chances a year ago at this time.

Senator Hiram Johnson of California advises President Hoover not to ask for a second term. It would not be hard to surmise that Hi would recommend himself as the Republican candidate for President in the coming election, but it is a safe thing to bet that the Californian stands not more chance at the nomination than does any of the ten republicans in Randall county.

The women of Canyon are planning the empty stocking campaign, which has always been so much help in this city. Every citizen will respond as heartily as possible in order that every child in the county may be properly remembered on Christmas day.

## COLLEGE ACTIVE IN T. S. T. A. MEET LAST WEEK

FACULTY, STUDENTS, EXES,  
ORGANIZATIONS TAKE  
ACTIVE ROLES.

Students, ex-students, and faculty members of the College were prominent in the Texas State Teachers Convention held in Amarillo Thursday, Friday, and Saturday of last week, Nov. 26-28, the College as a whole assuming a large part of the entertainment of the visiting teachers.

It was planned that the History, Art, and Deans of Women's sections of the convention hold some of their meetings here, and most of these plans were carried thru as announced in last week's Prairie. The chuck wagon dinner for the History Section, however, had to be called off because of the inclement weather. It was scheduled for Friday noon and was to have been held at the College Farm as a joint project of the History Department of the College, the Panhandle-Plains Historical Society, and the College Farm.

**Art Section**  
The Art Department of the College held a studio tea for the Art Section of the T. S. T. A. in honor of Louise D. Tassin, noted illustrator of Springfield, Mass. Miss Tassin is famous as an illustrator of children's books; she has been an instructor in the University of California, and she has just returned to the United States from a summer's study with Cizek in Vienna. At the tea, which was very informal, Miss Isabel Robinson and Miss Miltia Hill of the Art Department were hostesses, and Mrs. R. P. Jarrett poured. Among the guests were: Rudolph Fuchs, former art instructor in W. T., and wife; Miss Blanche Cassidy, Beaumont, chairman of the Art Section; and Miss Cora Stafford of the Denton Teachers College art department. Musical entertainment was provided by the College Trio, composed of Wallace R. Clark, and Mr. and Mrs. Herschel Coffee. The tea was served from 4:00 to 5:00 in the dining room of the Home Economics Department. Among the art students who assisted the Home Ec girls were Ruth Wiseman, Elva Lee Bagley, Alleith Elliston, Evelyn Shanklen, Mrs. Hazel Lackey, and Ethel Ruth Collins.

Those present at the tea also saw an exhibit of work done in the Art Department. A similar exhibit was on display in Amarillo, along with the Education exhibits of Miss Anna I. Hibbets. Mrs. J. A. Hill was elected chairman of the Art Section for the coming year. Miss Robinson was toastmistress at the Art Section luncheon Friday noon at El Taos.

Two meetings of the deans of Women's Section were held in Canyon. Wednesday afternoon at 3:00 the Deans and A. A. U. W. members heard Miss Sarah M. Sturtevant, director of personnel at Columbia University, talk on the "Present Status of Deans of Women" in the Education Auditorium. Miss Sturtevant was honored at noon Wednesday with an administrative luncheon, at which only administrative officers of the college and a few special guests were present. Another feature of the program for the deans of women which was held here was an invitation tea Friday afternoon from 3 to 5 o'clock at Cousins Hall in honor of the deans of women. Prominent guests included Miss Lucy Gage, Professor of Elementary Education at Peabody, and Miss Grace Wilkie, regional director of the A. A. U. W. for the Southwest.

Mrs. Geraldine Green, Dean of Women at the College, reports that approximately 75 were present at these meetings. She was included in the list of officers for the coming year. Miss Ivy Cheatham of Waxahatchie was elected president, Mrs. Green was made vice-president and chairman of the Panhandle division, and Miss Maude Davis of Trinity College, Waxahatchie was elected secretary-treasurer. This is the first time that a regional division of the Deans of Women's Section has been organized.

**Faculty Speakers**  
Dr. J. A. Hill was a prominent speaker during the convention. The many occasions on which he spoke included a speech to a general session of the convention on the "Improvement of Moral Standards Through Public Education," and on the "Function of the Graduate Schools in Connection with the Teachers Colleges of Texas." He also spoke on several other occasions, including the Ex-Student Banquet in the Herring Hotel Friday night and the banquet of the exes of Columbia University Thursday night in the Red Room of the Amarillo Hotel.

Among the other W. T. faculty members who were on the programs of the various sections of the convention were Dean R. P. Jarrett, W. E. Lockhart, Miss Edna Graham, Miss Novella Goodman, Miss M. Moss Richardson, Miss Jean Moore, Miss Darthula Walker, Miss Marion Normington, Miss Mary E. Hudspeth, T. M. Clark, F. E. Savage, Miss Anna I. Hibbets,

Miss Ima C. Barlow, Miss Angie Debo, Miss Mary Morgan Brown, C. W. Batchelder, Dr. C. A. Pierle, T. B. McCarter, L. S. Baker, Mrs. C. W. O'Keefe, and Herschel Coffee. C. E. Strain and W. R. Clark directed the College Band and the College Orchestra, respectively, in many programs of music presented to the teachers. Almost every member of the faculty took some part in the plan of the committee which was in charge of arrangements for W. T.'s part in the convention, composed of S. H. Condrion, chairman, F. E. Saxage, T. M. Moore, R. A. Terrill, Miss Isabel Robinson, and Mrs. T. V. Reeves, that every faculty member should be made to feel part of the responsibility.

The College was open to visitors all during the convention, and many of the teachers took advantage of the opportunity to inspect the college plant and the museum of the Panhandle-Plains Historical Society. The weather made a projected visit to the Palo Duro Canyons impossible. Students appointed by the various classes acted as guides to the visitors desiring to be shown over the plant.

### Presidency of T. S. T. A. Is Climax of Dr. Hill's Career

This year is the first time the presidency of the Texas State Teachers Association was ever awarded to a man from the Panhandle during the 53 years of the existence of that organization for the improvement of education in Texas, and it is extremely fitting that Dr. Hill should be so honored. He has been a pioneer in the field of education in the Panhandle, and during his career he has seen Panhandle educational institutions, including the one of which he is president, make remarkable strides, and he has become one of the most prominent educators of the Panhandle, if not of the State.

The following synopsis of his life is taken from the announcement of his candidacy for the position to which he has just been elected:

Dr. Hill was born on a farm in the northern edge of Bell county and attended rural school there until 16 years of age. The next year he entered the Thomas Arnold High School at Salado, Texas, where he cut wood and did the chores about the home of Professor T. J. Witt—at that time a leader in Texas Education—for his room and board. He graduated from the high school on the old classical course under the tutelage of the late Dr. S. J. Jones—a scholar of wide recognition a few years ago.

#### Get's First School

He taught his first school (one teacher) in 1898 at Belfalls, Texas at \$35.00 per month and later had charge of two and three teacher schools at Cyclone and Oenaville. He worked his way through the University of Texas receiving his B. A. degree after three years using history as a major and Latin as a minor. He was a member of Dr. W. S. Sutton's first class in "Pedagogy" at the University and attributes much of his early professional idealism to that pioneer scholar, teacher, and philosopher. For four years he was Principal of Jefferson Academy at Moody, McLennan County, and later became Superintendent of schools at Rich-

mond and Roscoe. During these years he conducted and taught in various Summer Normal Institutes. He was elected Head of the History Department of the West Texas State Normal College (now Teachers College) in 1910, being a member of its first faculty. At the close of eight years of outstanding service in this capacity, he became President of the West Texas State Teachers College in 1918 which position he holds today. In 1916 he received his Master of Arts degree from the University of California where he was Fellow under Dr. Herbert E. Bolton—the most eminent historian in America in the field of Southwestern history. In 1931 Simmons University of Ablene conferred on him the honorary degree of LL. D.

#### Co-Author

He is author, with President R. B. Cousins of Kingsville, of "American History for Schools" for several years the adopted text in high school history in Texas and several other states. For three years, Dr. Hill was a lecturer in Summer Schools for the American Association for International Conciliation and was actively identified with various phases of war work during the World War. He has been Sunday school teacher and Superintendent for more than twenty-five years. He is at present deacon in the Canyon Baptist Church and is Chairman of the Building Committee of that organization. Dr. Hill was the sixth teacher in Texas to become a life member of the Texas State Teachers Association and has served one term on the Executive Committee of that organization. He is a life member of the National Education Association, an honorary life member of the Parent-Teachers Association, and a Mason. He organized, and was first president of the Rotary Club of Canyon and for the last ten years has been an honorary member of the Amarillo Rotary Club, being one of the three men in the world to enjoy membership in two Rotary Clubs. Dr. Hill is Vice-president of the Panhandle of Texas, Incorporated, Vice-president and member of the Executive Committee of the Panhandle-Plains Historical Society, and at one time was President of the Boy Scout Area of Northwest Texas. He served on Governor Hobby's Educational Commission and is at the present time Secretary of the Council of Teachers College Presidents in Texas. His extensive contact with Educational affairs in Texas is shown by the public addresses per week to civic, educational, religious, and other bodies.

#### Comes to W. T.

The West Texas State Teachers College, of which Dr. Hill is President, was established in a frontier educational environment in 1910 with R. B. Cousins its first President. It has furnished leadership in a movement that has made the schools of Northwest Texas notable in Texas for their length of term, their quality of buildings and equipment, and the professional preparation of their teachers. Geographically remote from the center of educational, social, economic, and political life of other sections of the state, it has been content to do pioneering work in a great and growing section of the State, identifying itself intimately with every constructive agency in its territory. Under the administration of President Hill the institution has been converted into a senior college of the first rank

and has been in the forefront of the battle for better colleges for teachers and better recognition for the profession.

All roads lead to jail if your car has speed enough and you use it.

## Farm Boys Erect T-Anchor Sign on Hill Near Highway

Picture a ghost rider in from the night herd drumming a cow-trail on a smoke-blue roan. Descending the ridge the loose stones rattle, and the night wind whines a coyote tone. Shy, blue roan, and stop stiff-legged! Look, cow-hand! It's the sign of the old T-Anchor that you left on the door of the ranch headquarters. It's the brand you left burning on the bawling yearlings, the brand of the bosses of 1880. There on the hillside just below you a great T-Anchor is white in the wind and speckled with the silver of a prairie moon. Whirl in the wind, cowboy ghost. Rattle the stones of the ridge in ascending. Thunder away on your ghostly gelding. Whisper the word to the cowhand ghosts.

By day there will be other admirers of the great T-Anchor that lies on the north rim of the canyon to the right of the road as you go to Amarillo. The brand, which is of great significance to people of the Panhandle, was modeled after the original one used by Gunther and Munson. Using the idea of T. M. Moore, Howard Weatherby, a sophomore from Lakeview, directed this project on the College Farm. It was completed last week. The dimensions of the brand are 32 by 48 feet, and the width of the stem is six feet. The mass of native rock is covered with white stucco. It is prominently displayed and visible for a considerable distance.

What's the use of having your good deeds recounted after we die? We can't hear the praise.

A special program was given in her honor.

The new location of the Scout headquarters is in the Court House. Cleaning and dusting have been the main interest for the last two programs and Scouts have been seen carrying mops, brooms, dust clothes, and buckets across the square to the court house.

## Home Rooms Have Programs on Thanksgiving

The Home Room programs for last Wednesday were on the subject of Thanksgiving.

The students were interested to learn that in 1789 George Washington set aside the last Thursday in every November for Thanksgiving. He made a proclamation to that effect, but it was lost until the capitol was moved, when Dr. Fitzgerald found it.

Washington's proclamation is in the congressional library at this time. In several rooms, proclamations for this Thanksgiving were read. England and Canada also celebrate Thanksgiving, but at different times.

Poems on Thanksgiving by James Whitcomb Riley were very popular in most of the Home Rooms.

The reason why the Pilgrims gave thanks were reviewed and the programs were concluded by a "Thanks" giving story or song.

## Panhandle Game To Open Basket Ball Season

About 15 boys are showing up in cage practice every afternoon. With the holidays over, the team has gone to work in earnest to start a successful basketball season. Although many of the candidates are first year men, they the showing up well with the second year men.

The schedule has not been filled out, but three games are slated to come off before Christmas. The first one is to be at Panhandle Saturday, Dec. 12. The two teams are old rivals, having often met in all branches of sports. It is the opening game for each team, and each thinks it would be nice to open the season with victory, hence the fans will see a fight from the first whistle to the last one.

The game will give the coaches a chance to work their teams over. Then the following Tuesday, Dec. 15, the vanquished will have a chance to regain the honors when the two teams come together at Canyon. One team will be fighting to keep a clean slate, while the other will want an even break of the games. Everybody should see this first home game.

The next game on Friday is with Friona, a small town that always produces a great quintet.

The schedule, somewhat incomplete, follows:

Dec. 12, Panhandle at Panhandle.  
Dec. 15, Panhandle at Canyon.  
Dec. 18, Friona, at Canyon.  
Jan. 1, Friona, at Friona.  
Jan. 15, Amarillo at Canyon.  
Jan. 29, Amarillo, at Amarillo.

### DRAMATIC CLUB.

Miss Louder having been detained for several minutes from the Dramatic Club meeting, the President, Virginia Lee Bull, opened the meeting with a discussion of the club obtaining a constitution. It was soon learned that they could obtain the constitution of last year's Dramatic Club.

The meeting was concluded by the discussion of the properties to be used in the production of the play, "Modesty."

## Entire Faculty Attends Teachers Association Meet

The entire faculty of the Canyon Public Schools attended the State Teachers Association convention in Amarillo on Nov. 16, 27 and 28.

A large number of the faculty members were active in the Hill for President Campaign and a 100 percent vote was cast by the faculty for Mr. Hill.

Every teacher in the Canyon Public Schools is now a member of the Texas State Teachers Association.

### CHRISTMAS HOLIDAYS.

Now that Thanksgiving is over everyone is looking forward to the jolly Christmas times and holidays.

The first holiday will be on the afternoon of December 10th in order that the entire student body may go to Amarillo to see Old Santa and his reindeer.

The Christmas holidays will begin Wednesday, Dec. 23, and school will begin again on Monday, January 4th.

### DANGER OF HUNTING

Now is the time for one of the best sports we have—hunting. Not only is hunting one of the most enjoyable sports but it is also one of the most dangerous. Especially is this true with a party of more than two. In the midst of conversation someone is likely to get careless with his gun. It is hard to remember to watch closely when interested otherwise. It is safer to avoid hunting parties.

Many hunting accidents arise from the careless handling of guns when crossing fences. The placing of the gun on the ground before crossing will eliminate that possibility.

If everyone were careful there would be practically no danger in hunting. Let's make ours safe for ourselves and friends.

In view of the "whoopie cruises" they should change their names from ocean liners to ocean winners.

## THE DANGER INCREASES

—With cold weather here, the danger of Fire is increased, and your vigilance against fire should be magnified.

—Insurance cannot keep your property from burning, but it WILL pay you in case you have a loss by fire!

—Keep your property fully insured.

## BUFFALOES WHIP McMURRY; CLOSE OF GOOD SEASON

BUFFALOES TIE FOR SECOND HONORS IN T. I. A. A. SCORE IS 18-8.

The dedicatory football game of Robert Clark of Turkey, Leo Cooper of Lockney, and Lloyd Devin of Tulsa, who were playing their last grid encounter for the West Texas Buffaloes against the McMurry Indians in Amarillo Friday in a sea of mud ankle deep, was very successful, since the Buffaloes got off to a galloping start and kept going for an 18 to 0 win over the Abilene team to place themselves tied for second place with McMurry in the T. I. A. A. western section race.

The Buffaloes outplayed the Indians in almost every way, as McMurry just got the sensation of a near touchdown one time when they reached the nine yard line, but the Buffs halted them on four plunges at the goal line.

**Buffs Have Power**  
As predicted by the big Buffalo coach, the Thundering Herd opened up one of the greatest offensive drives in the history of W. T. McMurry's line was out-charged and outfought almost throughout the game. The Buffs turned on the power and tore the Abilene line into shreds time after time, thus causing the McMurry Methodists to lose their chance for a tie at first place in the T. I. A. A. western section.

The Buffs' first score came early in the first quarter, after taking advantage of a break on McMurry's 20 yard line. After carrying the ball twice the Buffs advanced to the 11 yard marker, then Brotherton, half back, slipped around left end for the 11 yards and a touchdown.

The second score came in the third quarter with the mighty "Cow" Williams carrying the mail, and the third score came in the fourth quarter, with none other than Captain Powell taking the pigskin over. The Buffs failed each time to score the extra point by tossing passes.

One great reason why the Indians were held for downs, with very little gains against the Buffs, was that Bill McLendon, playing at center, stood in the way. Bill was playing his best in this game and by all means should make the all-T. I. A. A. selection.

**Many Stars**  
When the Buffs were on the offence and with Williams carrying the ball, McMurry was almost unable to hold at all. It was Cow who made the longest run of the game when he broke through the Indians for a nice 33-yard sprint.

Clark did a neat job calling the plays and directing the Buffs. It was largely due to his 15 punts that the Herd was able to win. Bob has been a great general this season and W. T.'s football team will lose a great man next year when he fails to return.

Powell opened up in this game

to stage a magnificent comeback to recall those sensational plays of former years. "Daddy" has been out of the lineup for two games, but he made up for it in this game by returning those punts of McMurry's.

Cooper and Devin, both playing guard, ended their football careers in great style. Had it not been for these two men, McMurry might have scored, but they refused to move out of the way.

**Best Record in History**  
The Big Coach, "Sad Sam" Burton, ended the most successful football campaign since W. T. opened her doors in 1909 by winning six out of nine games played. The Buffs were not beaten by an out-of-state team this season; they played the New Mexico Military Institute of Roswell, New Mexico, Central State Teachers of Edmond, Oklahoma, Phillips University of Enid, Oklahoma, and the Panhandle A. & M. College of Goodwell, Oklahoma. The Herd lost to Texas Tech, Daniel Baker and A. C. C.; winning from Sul Ross and McMurry.

Here is how it happened in the western section of the T. I. A. A.: A. C. C. beat McMurry; Daniel Baker beat Canyon; Sul Ross beat Daniel Baker; McMurry beat Daniel Baker; Canyon beat Sul Ross; Daniel Baker beat A. C. C.; Canyon beat McMurry. Figure it out if you can.

A. C. C. and Daniel Baker are tied for the lead with three wins and one loss each. McMurry and Canyon are tied for second place with two wins and two losses each. Sul Ross brings up the rear with four losses and no wins.

The inventive genius of legislators is sorely taxed by the necessity of inventing new taxes.

**Wayside Items**

On account of its melting as it fell snow couldn't be estimated. Supposed to be five inches past week. Wheat growers think we have a good season and will welcome sunshine. Tuesday bids fair to be clear and bright.

For some days but little traveling. Roads almost impassable; truck and car wheels clogged and some instances stopped.

A limited number at Sunday school Sunday. Thanks to our efficient superintendent, we are glad to report Wayside had Sunday school. A few gathered Sunday night for singing.

D. K. McGehee, wife and Mary Lee are at his mother's, Mrs. L. J. McGehee in Canyon. If weather is favorable they will probably move home to Wayside this week.

Tillman Farr working with John McGehee handling feed a few weeks ago, accidentally stuck a mesquite thorn in the joint of his third finger of his right hand. Removed a part of it but didn't seek medical aid for some days. Grew worse, has had the finger amputated, blood poison set up and has suffered greatly. Spent a few days in Happy having it dressed twice daily. Soon showed marked improvement and to the great relief of his friends came out to John McGehee's Monday.

W. C. McGehee got his thumb in a car door jam Saturday night, mashing it severely. Glad to report it is improving and doing as well as could be expected.

Mrs. Bessie Lane ate Thanksgiving dinner with her sister, Mrs. I. C. Jenkins at Canyon, then on to Pampa in the afternoon to visit Mrs. Hancock. Returning Saturday spent the night with her sister, Mrs. L. B. Rogers, reaching home Sunday afternoon with Mr. Lane, Mr. and Mrs. Marvin Derr and Miss Douglas.

Irving Lane and Miss Aline McGehee returned to school at Canyon Sunday. Melton McGehee to Lubbock same day.

**Students Obeying Student Honors Regulation Well**

"The point system is a plan formulated by the students themselves, for the regulation of leadership in the various student organizations, and enforced by the Student Honors Committee" (p. 39, Catalog 1931-1932.)

The evaluation of activities in points was made by the Student Council in the spring of 1931. The Student Honors Committee met last Thursday and checked the activity organizations and found that the organizations were obeying the Student Council's recommendation in most cases. Eight students are carrying the maximum number of ten points. Four students are carrying more than the maximum ten points and have been notified by the committee to drop one or two activities. The committee is pleased with the response of the organizations to this regulation.

## PREXY HONORED WITH BANQUET BY EX-STUDENTS

BANQUET FRIDAY NIGHT IN AMARILLO IN HONOR OF HILL VICTORY.

Two hundred and fifty-one students, ex-students and faculty members of the West Texas State Teachers College at Canyon gathered in festive mood Friday night at the Herring Hotel to recall days spent together in school, and to pay homage to President J. A. Hill.

The banquet was a feature of the Texas State Teachers Convention, and it was turned into a celebration of the election of Dr. Hill to the presidency of the Association.

It was a gala occasion and the students and teachers of a former day met on common ground with present students and faculty members and had just a good, old-time, friendly get-together.

Morelock Recalls Other Days  
 Seated across the banquet table from Dr. Hill was H. W. Morelock of the Teachers College of Alpine, formerly head of the English department of W. T. S. T. C. When his turn came to talk he singled out many of his former students, whose hair, like his, is now threaded with gray. He mentioned that too. He called them "his children" and their children "his grandchildren." He said he hoped they thought as much of him as he did of them and he expressed a hope that "his grand children" would learn to respect him as he did their mothers and fathers. "It's always a great pleasure to get back home," he concluded.

Felix Phillips, Sanborn school principal, the toast master, introduced A. W. Birdwell, president of the State Teachers College at Nacogdoches, who personally conducted the "Hill for President" campaign at the present Texas State Teachers Association convention.

Dr. Hill welcomed the group to the banquet and Corinne Nash gave the response. Willard C. Vinyard, president of the Ex-Student Association paid a high tribute to his former school head and like the other speakers, predicted a victory in the race for president of the state teachers body.

Hill Pageant Given  
 Featuring the banquet was the "Hill-y Road" a pageant of Dr. Hill's life from infancy to the present. Boys and girls, young men and women, played the various roles showing the growth of the much respected "Joe" Hill.

There he was, in the opening scene, in his mother's arms. Again he was going off to his first school. Again he was milking a cow. Not overlooking any bet, the players showed him "courting" his best girl.

And then came the time when he made ready to go away to Texas as University. There was his mother and the sweetheart. "Remember son," said his mother, "shun all the evil you can, and do all the good you can." Friends of the widely known educator says he has done much good in the way that he has come since that day.

Later the banqueters saw "Joe" Hill teaching a country school. They saw him when he was married. Mrs. Hill sat beside him last night, witnessing the pageant of
